WHY GIFT WITH US

The gift that gives back.

Earthy connections start with people.

Every piece in this catalogue is woven on handlooms in Assam, India, and dyed with leaves, bark and blooms gathered from the land itself. Together, all Heritage purchases help restore one hectare of degraded land and support 25 Indigenous Bodo and Karbi women through five self-help groups.

For your teams and clients, that means a gift with a story they can hold: one-of-a-kind textiles, a certificate of impact, and a supply chain you can name. We pack each corporate order by hand, with personalised notes and botanical-dye story cards.
